# Mission

---

We create opportunities for manufacturers to grow and reach their full production potential by leveraging our extensive network of vendors and dedicated customer service to bring you high quality, low-cost products.

# Vision

---

We aim to provide quality industrial solutions to help manufacturers in the Philippines driven by its passion and excellence in the industry

# Background History

**2002**

Experiencing rapid growth in operations and wanting to cater to the increasing market in Pasig, a new building was erected in Libis, Quezon City to increase accessibility for customers.

**2009**

Wincorp expands services beyond just providing the product. By introducing Trouble Free Operations (TFO), Wincorp can offer consigned products, technical training, 24/7 service, and engineer support for client solutions.

Discovering the potential of production in the Philippines and the high demands of clients of supplying volume and quality products, Wincorp started its operation out of a small shop in Binondo, Manila selling bearings.

**2000**

Sensing growing customer needs, Wincorp expanded product lines to include Power Transmission products (belts, sprockets, chains, couplings) and Bearing Maintenance Products (lubrication, bearing fitting, monitoring, withdrawal tools).

**2006**

Today, Wincorp operate out of the head office in Libis, Quezon City.

It maintains its status as a family run company. We are proud to offer a diverse line of products and services that help customers reach production potential.

**CHRISTIAN SUMBILLO**

Republic Cement Corporation, Norzagaray

“

Customer Service is fast, efficient and price is competitive. Wincorp has always been able to account for our immediate and unforeseen needs

**RONALD SANDOVAL**

Asia Brewery Incorporated

# Value Proposition

## Quality

We strive to maintain the quality of our products by supplying authentic and genuine parts.

This is possible by establishing strengthened partnerships with trustworthy, reliable and authorized distributors.

These vendors include SKF, NTN, Regal Beloit Products and other brands.

## Location

Located at Libis Quezon City, our location allows us to deliver quality products on time.

We guarantee that we will meet your requirements with our dedicated logistics team.

We are always working to ensure that we are always ready to assist you with your needs, 24 hours a day, 7 days a week.

## Trouble Free Operation

Established as a joint partnership, this program identifies regularly used items at a fixed price and enables their replenishment.

This ensures worry-free production and creates savings on the procurement process and delivery lead time.

We also provide premium services from partners such as SKF engineering.
